Mamco Precision Molding  
147 River St.  
Oneonta, NY 13820

Dear Mark,

I just wanted to take this opportunity to thank Mamco Precision and all of their employees for their fabulous help shown to Astrocom Electronics Inc in this tremendous out sourcing project that we commenced in December of 2005. Nowhere in my wildest dreams, did I think that this project would be up and running in February of 2006.

At this point in time, we are on schedule with parts arriving "Just in Time" and nothing in a state of critical. Judy Marshall, Jeff Bordinger, and Andy Zuk have made it so easy to communicate our needs. Working with all of you at Mamco has been a pleasure.

Your Quality Control Department, Shipping and Receiving Department, Accounting Department and your Production Workers must be proud of the kind of work they do. They are on the ball and know their professions.

Thanks for a great change over. Bob Shaw and I and all of Astrocom Electronics look forward to a great partnership with Mamco in the future.

Sincerely,

Kathleen Burnett  
Buyer, Astrocom Electronics
